

PPC INSULATORS

THE POWER INDUSTRY EVENT 2022

See Us at Booth 7

Convention Center, Berlin, Germany

Oct 16-19, 2022

Welcome to INMR 2022 World Congress along with PPC Insulators!

Dear business partner,

PPC Insulators is looking forward to welcoming you at our booth no.7 at the INMR WORLD CONGRESS in Convention Center, Titanic Chaussee Hotel, Berlin, Germany, on October 16 - 19, 2022.

PPC as a partner of the event is a proud contributor to the congress with 3 technical presentations prepared by our experts:

- Markku Ruokanen; PPC Group Quality and R&D Director
Impact of Residual Quartz on Lifetime of High Strength Porcelain
- Jan Juhasz; Product Manager PPC Insulators Group
Porcelain Long Rod versus Cap&Pin Insulators: Impact on Overhead Line Design
- Patrick Maloney; Chief Engineer at PPC USA
Cycling loading of LV & MV Porcelain Insulators

The main motto of the PPC participation at the INMR 2022 congress is:
*"Porcelain = reliable insulation of the past, present, and future.
100% recyclable TODAY for a better world TOMORROW"*

PPC porcelain technology laid the foundations of the power industry and continues to drive the insulation industry around the globe. Visit our stand and learn, how you can reduce your carbon footprint with PPC's CO₂ compensated insulators.

We cordially invite you to take a detailed look at our products and discuss your needs and ideas with our experts.

Looking forward to seeing you in Berlin!
